Among its many benefits, Reiki can help decrease stress and anxiety, calm the mind, ease pain and promote quality sleep. Here's what a few of my clients had to say about their experience.

*"Sue truly has a gift! I could feel her energy flow into and through my body leaving me completely relaxed. The feeling of calm and peace and relaxation stayed with me the rest of the day and I slept better than I have in a long time." LM*

*"I had a wonderful experience! Very relaxing, with many energy releases." SQM*

*"I've had multiple healings with Sue, and they have always been exactly what I needed. Sue is insightful and is very skilled at reading energy. She is constantly striving to learn more techniques to expand on her natural abilities, too! She's respectful of my space and she partners with me in my healing. When the healings are finished, I always leave feeling at peace and ready to take on life. I'm so grateful to have Sue in my life, she is truly a gifted healer!" AM*
